By WALTER M. BARRETT

The departure yesterday of old No. 3, historic engine of the Hobart Southern Railroad, for 41 years in the service of the Company, marks another definite stop in the abandonment of the one-time bustling lumber town. Slowly, but surely the last chapter in the history of the town is being written. Although about 1,000,000 feet of lumber still remains in the yard, it will soon all be marketed. The equipment is being sold piece by piece and each week sees 1 or maybe two of the pioneer families of the town leave for new fields. It's a regrettable fact that Hobart Mills is to become one of the California ghost towns. There have been rumors of making it a summer resort and other ideas have been suggested, but none have seemed to find foundation. This closing down of Hobart may mean a lot to Truckee, but it means a great deal more to Hobart Mills and the many families who have come to know and love it as home.

The more you think about it, the more you will become convinced that we here in Truckee have a right to be proud of our utility district. With the exception of the high rates of the electricity supplied, we have an economic district and enjoy the lowest rates obtainable. It just proves again what organization, of the right kind, can do in putting over a worthwhile project.

We are going to skip our usual "waste of printing" this week and say nothing about the unsightly condition caused by debris on Commercial Row and adjacent streets. That's a break isn't it?

What we are going to mention however, is another of our old "pets" the trade at home idea. Now that fall is near and winter in the offing, we are going to be deprived of a great deal of revenue from tourists and vacationists. There is some business, however, which we SHOULD enjoy the year around and that is from the home-town people. If we are to be self-supporting, we must help one another and we can't do this if we don't spend our money in Truckee.

If you haven't already done so, we suggest that you attend the State Fair in Sacramento this week. There you will see California on Parade, and according to reports the fair this year is bigger and better and it is always a good show. Incidentally, we hesitate to look at the Nevada County booth, for fear there will be a vacancy where fishing, hunting and other recreational exhibits might be advertising the eastern section of this county. We hope we are wrong.

PLANS COMPLETED FOR PARTY TO BE GIVEN BY P. T. A.

A whist party and basket lunch social will be held at the Truckee Grammar School on Friday evening at 8 o'clock being sponsored by the Truckee Union Parents and Teachers Association.

A small fee will be charged for admission and the baskets of food will be given to the highest bidder.

The purpose of the organization is to provide money to purchase vaccine and other material necessary to conduct the health clinics sponsored by the local unit.

The P.T.A. has as one of its aims the safeguarding of the health of the local children by complete immunization and vaccination and this will be realized by the unified backing of the parents and all others interested in child welfare, according to Mrs. Lyle Smith.

BUD RICHARDSON TO WED STOCKTON GIRL THIS FALL

According to a report from Tahoe City Miss Betty Rice of Stockton will become the bride of Bud Richardson, son of Mr. and Mrs. A. L. Richardson, well known resort owners on Lake Tahoe, in the early fall.

The announcement was made at a dinner party recently, the date of the wedding was not learned.

According to present plans a brief trip will be taken after the marriage ceremony and they will spend the winter in Pasadena.

\$100,000 DAMAGE SUIT FILED AS CRASH AFTERMATH

Administrator For Eddings Is Plaintiff In Suit For Deaths

CHARGE RECKLESSNESS

Santa Monica Man, Chauffeur Named Defendants In Local Court

As the result of the tragic automobile collision near Soda Springs last July 4, when three members of one family were fatally injured, a suit for \$100,000 has been filed in the Nevada County superior court.

The suit was filed by E. R. Daniels, administrator of the estate of Alice Marie Eddings and Asa Chester Eddings, of Sacramento two of the victims, against Raymond Smith, driver of the second car involved in the crash and William J. Williams, Santa Monica for whom Smith was employed as chauffeur.

The action charges that the big sedan driven by Smith and occupied by Williams was operated in a careless manner when it collided head on with the light machine in which Mr. and Mrs. Eddings and their two daughters were riding.

Besides Mr. and Mrs. Eddings, their eldest daughter, Marie was killed.

The surviving daughter is making her home with relatives in Sacramento. For a few days following the crash she stayed with Dr. and Mrs. J. H. Bernard here.

The sum of \$50,000 is asked for the death of Mrs. Eddings and a like sum for the death of her husband, and an additional \$300 is sought for funeral expenses.

Smith has been charged with manslaughter and was arraigned in Nevada City this week.

TWIN GIRLS BORN TO DAUGHTER OF DR., MRS. BERNARD

Dr. and Mrs. J. H. Bernard received the glad tidings of the arrival of twin daughters at the home of their son-in-law and daughter, Mr. and Mrs. Warren Davison of Colusa on Monday, September 6.

Edna and Ethel are the names chosen for the little girls. All are reported to be doing nicely.

FOOD SALE WILL BE HELD HERE BY METHODIST LADIES

A food sale will be held at 10 A. M., Friday September 17 at the California Meat Market by the members of the Methodist Ladies Aid Society. Delicious cakes, pies and other home cooked foods will be on display for Truckee purchasers.

J. W. BAWKER STARTS ON HIS LAST JOURNEY TO BAY REGION

Historic Old Locomotive Presented To Society By Olivers After 63 Years Of Service

ENGINE WAS BUILT IN 1874 FOR V. & T. RAILROAD USE

Old J. W. Bowker is gone. To many the name J. W. Bowker means nothing, but to old-time railroaders, it is the original moniker of Engine No. 3 of the Hobart Southern Railroad, a relic of the days when railroading was railroading.

Wednesday old man Bowker, or No. 3, if you please, was placed aboard a flat car and dispatched to Berkeley where it has become the property of the Pacific Coast Chapter of the Railroad and Locomotive Historic Society.

The old "kettle" will be restored to its original design and likely will find a deserved place on the campus of the University of California.

Presentation of Mr. Bowker to the society was made by officials of the Hobart Estate Company through G. D. Oliver, president of the once flourishing lumber concern. To see that the historic engine reaches its destination

Unique Record Is Set Here By Fire Department

Here's a record for other fire departments to shoot for.

When a dangerous fire started in the rear of the Claire Goode garage last Sunday night, the fire truck was on the job and the blaze virtually under control before the alarm sounded.

This was not because there was any delay in turning in the alarm, but was due to the actions of Fire Chief Tom Dolley and Traffic Officer C. E. McKeen.

The two officers were passing the garage and noticed the volume of smoke and fire through a window. They sped to the fire station from where the chief rushed the truck to the garage. McKeen opened wide his siren to attract attention, not being near a telephone, and soon the alarm was sounded. Dolley in the meantime had broken through a rear window and had the fire smothered when the rest of the department arrived a minute or two later. The damage was small.

Roseville Man Charged After Auto Accident

Many Arrests Made Here During Holiday Weekend By Officers

Captain Frank K. Williams, retired naval officer of Roseville, has been charged with reckless driving as the result of running down Charles McCreits, flagman for the Pacific States Construction Company last week. He was cited to appear before Justice of the Peace C. E. Smith on September 20.

McCreits is undergoing treatment in the Washoe hospital in Reno and is recovering from a broken elbow and other injuries.

Other arrests made during the past week by Officer Charles McKeen and Captain Personius were as follows: Alfred Anderson, Norden, drunken driving, fined \$50; R. D. Day, San Francisco, speeding without due caution; John Patterson, Sacramento, speeding; Francis O. Groves, San Francisco, passing on crest of hill; Robert Jacobs, Sacramento, speeding.

Attend Picnic—

Residents of Boca, Truckee, and other Nevada County towns, enjoyed a Labor Day dance, carnival and picnic held at Lake Olympia Park under the sponsorship of the Twin Cities Miners Union No. 283 and Auxiliary No. 45, International Union of Mine, Mill and Smelter Workers.

Check Passer Held As Violator Of Prison Parole

Grass Valley Man Arrested After Passing Two Checks Here

A few hours after he was alleged to have passed two worthless checks, totalling \$19 on a Truckee merchant, Forest Swiney, 39, said by officers to be on parole from San Quentin and a recent resident from Grass Valley, was lodged in the city jail here to await possible return to the prison as a parole violator.

Swiney, who was employed on one of the highway projects near here, cashed two checks, one for \$15 and the other for \$4 at Lloyd's Variety Store, making purchases which amounted to a little over \$3 and accepting the change.

When L. A. Green, proprietor of the store, presented the checks to the bank for payment he found that they were worthless and notified Deputy Sheriff Tom Dolley. Soon the state teletype was sending out the description and within a few minutes State Patrolman C. E. McKeen, cruising between Donner Summit and Soda Springs spotted the car described in the message and arrested Swiney.

Swiney, McKeen said, had evidently been drinking. He had two hitchhikers in his car, one of them driving.

Shortly before he tendered the checks to Green, Swiney is said to have attempted to pass them on George Markell at the Stone Garage for purchases made. Markell declined to pay for the suspicious looking papers which bore crude signatures.

NEW BUILDING IS BEING ERECTED BY FURNITURE DEALER

D. Cabona, Truckee furniture dealer this week started construction of a new display and storage room in the rear of his store to make way for the increased stock to be handled here.

One of the unsightly old structures on the alley back of Commercial Row was torn out to provide space for the new building which will be used as a storage warehouse and show room, Cabona said.

MOTION PICTURES ON LIFE OF CHRIST WILL BE EXHIBITED

Motion pictures, entitled The Life of Christ, and said to be the world's greatest Passion Play are to be shown at the Methodist Church on Friday evening, Sept 10 at 7:30 by Paul H. Perry of Lincoln, California. A free will offering will be taken to help defray the expenses of the film depicting the life of The Savior. The pictures promise to hold the interest of young and old throughout the showing.

Dog Credited In Saving Home From Fire In Truckee

Awakening his mistress by tugging at the bed covers at an early hour one morning last week, Silver, pet dog of Mr. and Mrs. A. Pfandler of Truckee saved the home from probable destruction by fire.

Mrs. Pfandler rose to investigate the cause of the animal's worry when he ran to the closet door and was met by a wave of heat originating in the Benjamin Tonini flat above. The occupants were aroused and fire around a water heater was extinguished before serious loss was realized.

Once again the truth of the adage that 'man's best friend is his dog' was verified by the quick and faithful action of Silver.

CIO Wins Vote For Bargaining At Boca Damsite

Work Progressing On Huge Project As Balloting Gives CIO Power

By a vote of 67 to 21 over the American Federation of Labor, the Committee of Industrial Organization won leadership for bargaining on the \$1,000,000 Boca reclamation project last Thursday.

The vote was participated in by the men who were without jobs when work was suspended on the huge dam last month.

The result of the balloting gives the CIO permission to bargain with the Condon Construction Company in matters pertaining to wages and other conditions affecting the employees.

Since work was resumed at the dam considerable progress has been made and workmen last week started digging the east end of the diversion tunnel which is expected to be completed within the next few weeks.

It is estimated that more than 250 workmen are now employed on the job. Many of these will be laid off early in December, but a small crew will be kept working throughout the winter it was announced.

ROBERT BOWERS IS NEW PRESIDENT OF HIGH SCHOOL BODY

Robert Bowers was elected president of the student body of the Meadow Lake Union High School here last week. Other officers chosen at the annual election were Frank Titus, first vice president; John Sabini, second vice president; Dorothy Snider, treasurer; Flori Digesti, sergeant-at-arms; Tina Gini, secretary and G. E. Hofmann, advisor.

The senior class named Bowers president, Douglas Barrett, vice president; Marjorie Everett, secretary and Barrett and George Zorich, councilmen. Karl Kielhofer was selected as class reporter.

The junior class named Tina Gini as president, Rose Ellen Ritchie, secretary; Clydella Bingham, reporter and Tina Gini, Adolph Schmidt, councilmen.

The freshmen and sophomores will name officers later.

INSURANCE RATES DUE FOR DECLINE

Another step toward reduction of insurance rates in Truckee was taken at the last meeting of the Truckee Volunteer Fire Department when it was agreed between the fire commissioners and firemen that the active members be paid \$1 each when actually engaged in combating fires. This, according to underwriters should mean a marked decrease in rates for Truckee.

The reorganization of the department, the activities of the prevention committee and other steps taken are also expected to mean a drop in the present high rates.

SIX INJURED IN AUTO MISHAP AT DONNER STATION

Head-on Crash Near Fatal To Nebraska Woman On Sunday Night

FIVE OTHERS ESCAPE

Attempt To Make Left-Hand Turn On Highway Is Disastrous

Six people were injured, one of them seriously in a head-on automobile collision at Donner Lake, Sunday evening about 7 o'clock.

Mrs. Hannah Hedke, 48 of Trenton, Nebraska, suffered a fractured skull, other body injuries and severe shock. Her condition was pronounced as grave. Her husband, A. M. Hedke, 53, driver of one of the cars involved in the accident escaped with minor injuries.

The accident occurred, according to State Patrolman C. E. McKeen, when Hedke attempted to make a left hand turn after coming down the Donner grade, to go into a service station.

The Hedke car met one driven by Clarence F. Lane, 39, Burlingame, who was accompanied by his wife and Dr. and Mrs. L. B. Barth of Chicago, the latter visitors of the Lanes.

Both machines were badly wrecked and were brought to Truckee for repairs.

First aid to the injured was given by Patrolman McKeen, who assisted the victims to Truckee where Dr. J. H. Bernard treated them. Mrs. Hedke was taken to Reno later. No arrests were made.

WYETHIA CLUB IS OPENED FOR FALL WITH CARD PARTY

The Wyethia Women's Club members ushered in the fall season with a card party held last week with a number of guests from the Tahoe district present during the afternoon.

Mrs. J. Debenedetti of Tahoe City, and Benjamin Tonini of Truckee were presented with first and second awards at the auction bridge tables.

Mrs. W. F. Wilkie was doubly fortunate in receiving the gift presented at the door and first contract token while Mrs. Grey was granted second award at the same tables.

Dessert was served at the conclusion of the games.

SOUTH AMERICAN FILMS ENJOYED BY LIONS CLUB HERE

R. H. Strosneider, Tahoe resort owner, last night entertained members of the Truckee Lions Club with technicolored motion pictures of prominent scenes taken on his recent trip to South America. The pictures were clear and sharp disclaiming Strosneider's statement that he was an amateur photographer.

The visitor was introduced by Joe Duffee, chairman of last night's program committee.

FIRE DESTROYS NEW TAHOE HOME

Fire Saturday morning about 5 o'clock destroyed the summer home of Fredrick Klamp of Hollywood nearing completion two and one half miles south of Tahoe City.

The fire started in the lumber pile near the building but the cause was undetermined by forest rangers who were called. Among them were L. J. McDaniels, R. J. Sparks, Carl Abertus and H. I. Snider.

Mrs. Proll, who was sleeping in a nearby house was not awakened until the fire had started burning the shutters on the house where she slept. This building was saved.

The loss, estimated at \$3000 was covered by some insurance.

ROUT THE DEMON!

All of us have an extra job—and a might important one—on our hands this month!

It's September again, which means the Red Demon of the forest—fire—again lurks in the great timberlands, parks and wooded slopes of California, waiting eagerly to strike like a thunderbolt into forest lands and leave behind him seared and blackened slopes.

The season's ripe for the Red Demon. He loves these warm days. Last year he left a flaming trail stretching across one million of California's acres, ruining timber and grass lands worth over 13 millions!

Who was the greatest offender? The careless smoker, says the office of the state forester. Next greatest cause were persons who had lighted fires to destroy debris and whose fires had swept out of control. Third major cause was that threatening menace, and most difficult of all to cope with—the incendiary. Mother Nature accounted for but a fraction of the havoc, for of the 6000 fires which seared California's lands last year lightning accounted for 140.

Watch that carelessly flicked cigarette or cigar ash, that carelessly tapped pipe tobacco! Let's scotch the Demon.

SESQUICENTENNIAL

One hundred and fifty years ago on September 17 one of the most able, keen-minded body of men ever gathered together in America set their signatures to a document. This was the Constitution of the United States.

On this Sesquicentennial, America salutes that great document which has served as a governmental framework of one of the world's first and greatest modern democracies. It has proved flexible enough to take in its stride vast changes during a century and a half which have swept America onward from a country of 4,000,000 persons living in a handicraft economy to a great nation of 128,000,000 persons living in the highly mechanized era of the 20th century. Its division of the powers of government, its definition of the relations between nation and states, and above all, its democratic premises, have proved to have been so brilliantly conceived, so soundly defined and thoroughly practicable, that it has withstood all the battering assaults of time. History's ashbin is strewn with the wreckage of many another less well-grounded republic.

We see the wreckage around us today in the ruthlessly authoritarian governments which have seized power through violence since the Great War. In a world marked by warring doctrines of hate, we would do well to cherish and protect the liberty and democratic ideal our Constitution assures us.

NEW LAW EFFECT DEER HUNTING IN TRUCKEE DISTRICT

The forest service at Truckee reminds you that:

Section 1286 of the Fish and Game Code of the State of California was changed in the last legislature to read:

"Any person killing a deer in this state shall have the license tag countersigned by a fish and game commissioner, a person employed in the Division of Fish and Game, a person designated for the purpose by the Fish and Game Commission, or by a justice of the peace, notary public, peace officer or by an officer authorized to administer oaths, before transporting such deer except for the purpose of taking it to the nearest officer authorized to countersign the

license tag, on the route being followed from the point where the deer is taken."

The provisions of this code became effective August 27, 1937.

Both the stub and postal card return of the 1937 deer tags are to be countersigned and the postal portion picked up and mailed by any of the following persons:

Fish and game wardens, employees of the division of fish and game, fish and game protectors, justices of the peace, notary publics, postmasters, sheriffs and deputies, constables, California highway patrol officers, federal and state forest rangers, federal forest guards, state fire and park wardens, federal park rangers, U. S. biological survey wardens.

The above report was submitted by W. C. Winslow, dispatcher for the forest service here.

The Shadow He Can't Escape!

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Sept. 9.—(UP)—The 1938 campaign is under way and it's bound to be gigantic, super-colossal—if you believe the Hollywood publicity crew.

Movieland entered the picture—and incidentally cracked a new publicity

channel—with announcement that Leo Carillo, whose great grandfather was California's first provisional governor, may run for governor on a platform of "human sentiment" garnished with a pledge not to permit party lines to interfere nor "political bosses boss me."

Modestly suggesting it was he who advanced J. T. F. O'Connor, comptroller of the currency, as a potential Democratic gubernatorial candidate, Carillo continued:

"If Jaffie does, then I'll run."

But if Jaffie don't and he does run, Carillo said, California's citizens will find sentiment added to government. Said he, speaking of the things he'd do for government:

"It's love for your fellow man and your homeland. That's what people want. They're starved for the human touch in government. As for me, I

may not know a lot about governing, but I do know people, and I can get experts to help me out with technical matters."

Although in Carillo's own words, "there seems to be a snowball growing" in promoting his candidacy, political observers expect 1938 will bring the same old run of the mill campaign. They doubt, furthermore, that tradition will be revived through finding another Carillo in the executive chair. In fact, they doubt that either the November or August ballots will list Carillo's name.

Back from Washington, D. C., came Senator William Gibbs McAdoo to set forth his views on party politics.

Key figure in a controversy threatening a Democratic schism in 1938, McAdoo expressed certainty there would be no discord in the ranks when the opposing parties line up for the fall campaign next year.

There will be no third party movement in 1940, he said, and there likewise will be no party split over court reorganization unpleasantness.

But Senator McAdoo was silent on the subject which California political circles had been waiting to hear discussed.

He said nothing about removal of U. S. Attorneys Peirson M. Hall and H. H. McPike, nor Congressman Byron Scott's demand that McAdoo be defeated unless his patronage dispensing machine be given an overhauling.

Observers have felt that one of the most vulnerable points on which Democrats could attack the Merriam administration was on the relief issue.

The theory appears well-founded. Swinging into his campaign somewhat earlier than are other office-seekers, Herbert C. Legg, Los Angeles county supervisor and Democratic candidate for governor, already is on record with a pot-shot at this phase (Continued on page 5)

Tahoe Ramblings

(By SWANEE)

Martin Goggans, 27 of Tahoe City last week was married in Reno to Miss Edwards Layne, 25 of Salt Lake City. Mr. Goggans is in the interior decorating business in town with his father.

Mr. and Mrs. Otto Fox of Auburn have returned to their home following a vacation of several months at Tahoe. Mr. Fox is the instructor of the local orchestra.

Russel Theobald of Oakland spent the holiday week end at Tahoe, occupying the Tyler cottage in Lake Forest while here he visited Miss Marie Miller at the Charles Swanson home.

Mrs. Gerda Kvistberg who has been residing at her Burlingame home for the past few months has arrived at Tahoe to enjoy a late summer vacation at her Tahoe Park residence. Her son, James Easton Jr. is expected back soon from a visit to Manila aboard a tanker.

Mr. and Mrs. Grant Smith are at present guests at the Chris Neilsen home in Tahoe Park. Recent visitors at the Neilsen home included Dr. and Mrs. Armstrong Taylor of San Francisco.

Mrs. James Ferguson was brought home by her husband on Sunday from the Auburn hospital where a little more than a week ago a new little son was born.

Mrs. James Mc Fadden of Suisun is occupying her Tahoe Park home for a few weeks. Her daughter and family Mr. and Mrs. Charles Bidstrup of Suisun who have been sojourning here have returned to their home.

Mr. and Mrs. William Oliver and children Walter and Ann Rae, accompanied by Mr. and Mrs. Tyler Oliver, enjoyed the week end holidays at the home of Mrs. Oliver's mother Mrs. Etta Tyler of Lake Forest. Another guest at the Tyler home was Ted Moore of Dixon.

Walt Disney and party were recent visitors at the lake where they enjoyed a short vacation.

Mrs. E. S. Heller of Menlo Park has left for her town house after having spent the summer at Tahoe. She has already arranged to take beautiful Rubicon Lodge for next summer. Mr. and Mrs. Charles Ehrman of San Francisco left on Monday for the Bay region.

Highly successful was the dove hunting expedition enjoyed by a group of hunters from the Tahoe region which included Dr. and Mrs. C. B. Pedersen, Carl Bechdolt, Chris Boylars, Gene Rogers of San Francisco, Jack Lovejoy, Joe Henry, Joe Duffee, Robert Watson and John Malone. The party journeyed to the district above Doyle, not far from Susanville, leaving on Tuesday and returning Wednesday. All acquired the limit by noon.

Harry Poet's four-passenger coupe was involved in a wreck on Tuesday night when it was sideswiped by a small car containing four occupants near the scene of the former Meek's Bay tower. No one was seriously injured but both cars were badly damaged, repairs being estimated at more than \$700.

Two other cars met on the Dollar grade, near the scene of a fatal accident earlier this year, on Sunday morning, both being badly damaged, but no one being seriously hurt.

The Dodge speedboat of the Reno Shorboro's of Dollar Hill was badly battered on Friday night during the wind storm that visited Tahoe when it was tossed about among the rocks during the night. Chris Neilsen of Tahoe Park towed the boat to his place on Sunday and repairs are being made which may total a goodly sum. A number of other smaller crafts were reported swamped or damaged along the shoreline during the storm.

Miss Lois O'Done of Reno was the houseguest for a week at the home of Mr. and Mrs. Sam Goss at Lake Forest. She returned to Nevada on Thursday night.

Patrolman Gene Walker was guest of honor at a dinner party on Saturday night at the Charles Swanson home at Sunnyside, given in observance of his departure which is anticipated in the near future for the winter to the Roseville district. Guests who attended included Constable Harry Johansen, the Misses Marie and Phyllis Miller, Walter Mandeville, Russel Theobald, the Swansons and son Jimmie.

Mr. and Mrs. H. Hendrickson and sons, Oliver and Charles enjoyed the holidays at their Tahoe home returning to Oakland where they will remain for the winter months.

Mr. and Mrs. John Maderos have moved to Sacramento where they will remain for the winter months.

Mrs. Fred Werner of Newcastle is again occupying her summer cottage

BAY COUPLE ARE MARRIED AT TAHOE BY FALLON PASTOR

Tahoe City, Sept. 9—A charming wedding was the one held on Sunday afternoon at 4:30 P. M. in the Catholic chapel near the Tahoe Tavern, when Mr. and Mrs. Joseph Gerald Morok of San Francisco were united by Father Hogan of Fallon. A small group of relatives and friends witnessed the affair. The bride was the former Miss Gerald of San Francisco, her name and those of her attendants not being available here. She was attired in a navy suit with plum colored accessories and a corsage of Lily-of-the-valley. Mrs. Jewel Bechdolt and Patrolman Gene Walker joined in the vocal rendition of 'I live you truly' and 'At Dawning' accompanied on the organ by Mrs. Clara Ellert of Truckee.

The ceremony was performed by Father Hogan, other priests being present including Father Daly and his assistant Father Oberaigner of Truckee. Cocktails were served the bridal party in the Coral Lounge of the Tavern, a dinner following in the Tavern dining room.

IDLEWILD ESTATE PURCHASED AT LAKE BY DENVER COUPLE

Tahoe City, Sept. 9—Mrs. W. A. Godwin and a party of friends who have just returned from Denver, Colorado, spent the week end at Tahoe Inn. Mrs. Godwin announced during her stay that she and her husband are the new owners of the Herbert Fleishacker estate 'Idlewild' which has been on the market for some months. The Godwins, who made the purchase over three weeks ago, and whose winter residence is in Oroville, plan to visit Tahoe again within the next few weeks. The purchase price was not made known.

ANNUAL GOLF MEET TO BE HELD SUN. AT TAHOE COURSE

Tahoe City, Sept. 9—The sixth annual golf tournament staged by the Lake Tahoe-Sierra Association each year will be held Sunday, at the Tavern golf links according to Henry F. Droste, secretary of the association. The qualifying rounds of nine holes will be played in the morning, with 18 hole finals in the afternoon. A luncheon will be held at Tahoe Inn at 12:30 which members of the association and their guests will attend.

All golfers are welcome to enter competition, according to Droste, who anticipates a large entry list from San Francisco, Sacramento, Tahoe and Reno.

MRS. CHARLES HELLER IS FETE DAT PARTY ON EVE OF DEPARTURE

On the patio at Prusso's was an attractive setting for a luncheon and party on Thursday August 26th, honoring Mrs. Chas. Heller of Meeks Bay with a farewell party sponsored by the members of the Mah Jong Club of Meeks Bay. After the delicious luncheon a beautiful gift was presented Mrs. Heller.

The fascinating game of Mah-Jong was the afternoon diversion.

Club members present were namely: Mrs. N. J. Lindenfield, Miss Violet Lindenfield and Mrs. Blanche Parquette all of Los Angeles, Mrs. Selma Lavene of Van Nuys, Mrs. Helen Cook, El Centro, Mrs. Alice Kehlet, San Gabriel Mrs. Donald Hosford of Sierra Madre, Mrs. Frank Dirhold, Eagle Rock, Mrs. Frank Gerry, Pasadena, Mrs. Alice Turner, San Jacinto, Mrs. George Scott, Alhambra, and the honor guest.

DRIVE LAUNCHED TO REFINANCE TAHOE'S FAMOUS SKI TEAM

Tahoe City, Sept. 9—Mrs. Jewel Bechdolt and Mrs. Marie Henry of Tahoe City, members of the Lake Tahoe Ski Club financial committee, on Friday took the day off from their respective business enterprises to make a trip around the lake in the interest of the local club. Visiting most of the places of business on the shores of the lake, they were successful in raising donations for

the day to the 100 dollar mark and over.

Few persons realize just what the expense of sponsoring a ski club amounts to, and in donating to the cause of the local club they serve the best interests of good business in the Tahoe region. For these boys who participate in meets at Salt Lake Southern California and other points carry the emblem of Lake Tahoe upon their suits, and in winning prominent places in tournaments assist in advertising the Tahoe region just as successfully as a full page ad in any Sunday paper.

FOOTBALL BOOKLETS TO

BE DISTRIBUTED HERE

BY ASSOCIATED DEALER

Good news for motoring football fans!

A new 32 page football booklet, containing complete information on the 1937 Pacific Coast games, is now being distributed by all smiling Associated dealers on the west coast, according to P. E. Allan, domestic sales manager of the Tide Water Associated Oil Company, Associated Division. The booklet, with added features and more complete than in previous years, is of handy vest pocket size, printed in Associated's familiar colors of red, cream and green.

For the first time, the Associated football booklets includes ticket prices for all major games with a few exceptions where rates are to be announced later in the season. All inter-collegiate games on the Coast, covering both Conference and Independent schools, are listed three ways, Allan states by dates, conferences and stadia. The Conferences listed include Pacific Coast, Pacific Northwest, Far Western, Southern California and prominent independents. Last years game scores and conference standings are also included.

POLITICALLY SPEAKING

(Continued From Page 2)
of the Republican administration's program.

In a letter to Roy Stockton, director of the state employment service, Legg tore into the agency for asserted failure to provide industry, particularly agriculture, with able-bodied workers on relief rolls.

Broadening the scope of his barrage, Legg continued:
"This condition could not exist if there was a proper coordination among the state agencies responsible for giving relief to unemployed and those seeking private employment for the unemployed on and off relief rolls."

Whether Legg's bombardment figured in subsequent developments at the state capitol is subject to speculation. At any rate, Stockton informed newsmen that he was planning an appeal direct to Gov. Merriam to force cooperation with his department from the state relief administration.

"We are stymied by inactivity and apparent unresponsiveness of SRA to our determined efforts to get men off relief and into the harvest fields," Stockton complained.

Despite the employment service's "frantic efforts to supply demands for harvest workers, he said, growers were unable to obtain labor although thousands of able-bodied men were listed on relief rolls in the "unemployment reservoirs" of Los Angeles, San Francisco and Oakland.

The governor provided the anti-climax by announcing:

"I am instructing Mr. Pomeroy (Harold E. Pomeroy, relief administrator) to supply every bit of labor possible. Those on relief appropriate for the work will be offered jobs and if they don't accept they will be dropped from the relief rolls."

Pomeroy, vacationing in the mountains, remained to be heard from.

PLANS PROGRESSING FOR PLACER FAIR

ROSEVILLE, Sept. 9.—Work of leveling and grading the site for the new fair buildings on the Placer County fair grounds here is progressing rapidly under the supervision of Jerry Shelley, county supervisor whose equipment has been on the job for more than a week. City equipment, under the direction of B. C. Kechner, superintendent of public works, will be put to work this week and arrangements are being made to get water on the grounds at once, according to L. M. Johnson, chairman of the building committee.

Tentative plans call for grandstand and bleacher accommodations for from 3000 to 3500 people, the building committee announced. These buildings as well as others to be constructed, are to be on a permanent nature, as the Placer County fair, set for October 8, 9 and 10, is to be made an annual event, an option having been taken for the purchase of the 80-acre tract which is being prepared.

TRAILERS MAY VOID AUTO INSURANCE IN EVENT OF ACCIDENT ON ROAD

SACRAMENTO, Sept. 9.—(UP)—Attaching a trailer to an automobile may serve to invalidate the insurance carried on the car in case of an accident, even if the machine is "fully covered" according to Samuel W. Carpenter, state insurance commissioner.

Carpenter pointed out that all ordinary insurance, is issued for the motor vehicle separately and not as a unit with other vehicles. It would be necessary to obtain policies covering the attached trailer or other unit to be protected, he believed.

The same rule, he said, might apply where an automobile was towing or pushing another car and a mishap occurred.

UNIFIED TAX PROPOSED BY NEW ORGANIZATION

SACRAMENTO, Sept. 9.—(UP)—Uniform tax systems for all states is advocated by the Stop Greed Organization, Inc., which applied to Secretary of State Frank C. Gordan for a charter to do business in California.

RENO PLANNING FOR BRIDGE CELEBRATION

Two full days of festivities, including a variety of sports contests and numerous entertainment features—plus Reno—are planned for September 10 and 11 at the celebration to formally dedicate Reno's three new Truckee River bridges and the new \$415,000 United Air Lines landing field.

Hundreds of visitors from all over Nevada and eastern California are expected to attend the two-day "open house in Reno" and participate in the many events. Valuable prizes for contest winners and out of town guests will be awarded.

Adventure Is Coming In The American Boy

Readers who like adventure and the lure of far places will find plenty to please them in coming issues of THE AMERICAN BOY Magazine. They'll read, for instance, of seamen and sabotage and San Francisco waterfront trouble; of daring adventure in the world of pseudo-science, and of a fued aboard a plunging, rolling battleship.

They'll read too, of excitement aboard a transport plane blaring over jungled Mexican mountains and of stranger planes that are not bound to earth but swing through the noiselessness of space. Readers can follow a young ex-mountain as he searches for clues in the wild northlands, and Tierney, the pie-eating detective, on the trail of city criminals.

A new feature in THE AMERICAN BOY is picture pages that tell stories. Pictures, for instance, that vividly show a day in the life of coast guardsmen, and how an Eskimo husky sled dog does his work. They transmit the thrill of battling a hundred pound, water-churning tarpon. Tips on how it's done are also given pictorially—ranging from how to run a broken field to how to correct in the ballroom.

NOTE: Subscription prices of THE AMERICAN BOY will be raised in the near future. Send your subscription order at once to take advantage of the bargain rates now in effect: one year at \$1.00 or three years at \$2.00. Foreign subscriptions 50c a year extra. Send your name, address and remittance to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Mich. On newsstands at 15c a copy.

NEW ECONOMY TRAIN TO CHICAGO AND SAN FRANCISCO!

THE NEW SAN FRANCISCO Challenger

—a brand new train designed for chair car and tourist passengers exclusively—to Chicago starting September 16, to San Francisco starting September 17.

Here's our sensational challenge to all other forms of transportation—the new San Francisco Challenger! This new train gives you more comfort for a small amount of money than ever before in history. It's a fast, completely air-conditioned DAILY train from San Francisco to Chicago via the direct OVERLAND ROUTE. Operated by Southern Pacific, Union Pacific and North Western.

LOW FARES

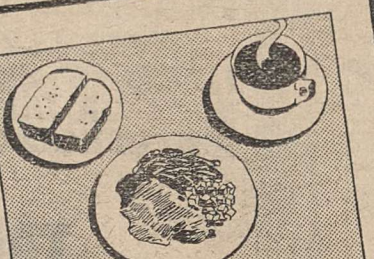

Our lowest fares are good on the San Francisco Challenger. For example only \$34.50 one way from Reno and many other points to Chicago in the luxurious chair cars on the Challenger. Fares in the improved tourist sleeping cars are low, too. On the same dates, the great Overland Limited becomes an all-Pullman train with stewardess-nurse, lounge car and club car.

Southern Pacific

Ask your nearest railroad agent for information on the San Francisco Challenger.

STREAMLINED chair cars (sponge rubber seats, indirect lighting, etc.) are just one of the attractions of the Challenger. Others are: luxurious full-length lounge car (for tourist car passengers), modern improved tourist sleeping cars, stewardess-nurse and porter service, special chair car for women and children.

35¢ is the price of this DELICIOUS DINNER served in the spotlessly clean dining car of the San Francisco Challenger. Breakfasts are as little as 25¢; lunches 30¢.

DELAY OCCURS IN APPOINTMENT ON SUPERVISORS BOARD

The wording of the resignation on July 19 of E. B. Dudley, chairman of the Nevada County Board of Supervisors for a number of years, caused delay in the appointment of his successor by Governor Frank Merriam.

Dudley presented his resignation to the governor as supervisor of the Third Supervisorial District, to "be effective upon the appointment of his successor". He was then named as Nevada County welfare agent, the same to be effective when his successor to the first office was named.

Four applicants have filed their petitions with the governor asking for the appointment and during the interval of time word has been awaited from the state executive's office.

On Tuesday information was received from Sacramento that the governor could not make an appointment as there was no vacancy on the board as Dudley's resignation was not effective until his successor was appointed.

The former board chairman immediately resigned, to be effective that same day.

Visit From Modesto—

Mr. and Mrs. John Eggler visited at the Walter Barrett home over the week end.

Leave On Vacation—

Mr. and Mrs. S. E. Gordon left this week for a two weeks vacation.
